Explanation - Currently, under 90-3-1003, the food and agricultural development program receives a statutory appropriation of \$195,000 annually.

#2 removes the deletion of the statutory appropriation. Therefore, the \$300,000 appropriation from the general fund is reduced to \$105,000. The total amount for the food and agricultural development program is still \$300,000 each year.
